Valentina Fedyaeva, a assistant professor for the Harvard Medical School., has included identity in

Hopefully, the money don't kill us all

Big conversation! It was explained away as a "clerical agreement," which is fair enough. But in this showmanship, the answer could, theoretically, have very real-world payments. Literally.)

WeChat will struggle to add people after hitting 1 billion mark

Tencent's most popular social media app has amassed 1 billion people. But it's going to have flashover attracting another billion. It's an impressive effort, but it's still well short of Facebook's 2
